The Cooking Cooks will be back for a second year selling beautiful hand crafted Artisanal Organic fresh pasta. Our influences come from the vast larder of Italian and British cooking and we have twisted it with our unique, modern style. Some dishes you will have heard of, others are a little more unusual. We use only the freshest of ingredients & are always experimenting with seasonal ideas and different flavours. We have a wide range of pasta's some super healthy, some gluten free, all our dough is made with tasty vegetables, seeds and fruits, they are magical on the eye as well as on the tum! *Francesco and Alice (The Cooking Cooks)*

The Gamekeeper <http://www.gamekeeperuk.com/>

Back by popular demand, and cooking up the meanest and leanest burgers, the Gamekeepers will be serving delicious breakfasts of bacon rolls or halloumi with smashed avocado. Lunch is a three burger option of The Cheese burger, The Royal or The Leafeater, all served with options for pickles, mouth watering sauces and brioche buns.

"We believe that to make a great burger you must have great ingredients. That's why all our ingredients are sourced locally and of the highest quality. Come and try them out for yourself!"
